DRAGONS AND RINGS [DVD]

Prepare to step into the world of magic, mystery and myth as Steve Mitchell reveals the truth about ancient stone monuments, crop circles and the world of dragon lore.

Linking quantum theory with UFO's, paranormal phenomena and the wisdom of our ancestors, Mitchell answers questions that modern scientists/archeologists are loath to put on record.

What is the real purpose of stone circles?

How are they linked to the crop circle and UFO phenomena?

Was it by chance or did an elder human race really have intricate knowledge of the dynamics of inter-dimensional reality hundreds of thousands of years ago?

Are we alone or part of a multi-dimensional universe with the keys to other worlds at our very fingertips?

Featuring the beautiful, haunting music of Soul Path and other artists from Reality Entertainment, this is the first in a series of unique and thought provoking films by Steve Mitchell.
